WHER Report

- **Client:** NAWRB
- **Step in Design Process:** Final Cover

Goal: To show an element of the circle of life. Within life there are many circles, and systems that support one another. NAWRB has broken down many of these circles into volumes which form the six volume, 100+ page Women Housing Ecosystem Report. Each volume tells a story that will provide the resources for growth and prosperity. The main cover showcases one element of each volume.
